Resolution BOT-202311-02. Africa PDP Strategy

The Board approved the following Africa PDP strategy:

The IVI Board supports the Institute's accelerated effort in Africa and the establishment of the African Vaccine Alliance (AVA) by IVI, with:

- the approval of the establishment of an office in Africa
- and the allocation of up to \$3M over 3 years to finance its establishment

to support the strengthening of the African vaccine R&D ecosystem and sustainable vaccine manufacturing in Africa.

The IVI leadership team should work with African countries to secure funding for the office(s) and projects that may consequently reduce the cost to IVI. Size and location of the office will be determined based on secured funding package.
